Shravika Mittal

smittal87@gatech.edu | +1470-838-9822 | ShravikaMittal | Website: mittalshravika.github.io | Google Scholar

Research Interests

Responsible AI, Human-AI Interaction, Natural Language Processing, Social Computing; I evaluate generative AI–powered systems/models/agents and socio-technical systems to identify and mitigate information risks (e.g., dissemination of stigma or biases) and interaction risks (e.g., behavioral and cognitive impacts) in high-stakes contexts, such as healthcare. I adopt a variety of methods, such as large-scale observational analyses, experimental design (including randomized controlled trials and longitudinal field experiments), and user studies, to conduct my work. My objective is to contribute tools, frameworks, interventions, and policies to build safe and responsible online information ecosystems, particularly for underrepresented communities and in high-stakes domains such as healthcare and education.

Education

Georgia Institute of Technology — Atlanta, GA, USA
Ph.D. in Computer Science, School of Interactive Computing; CGPA: 4.00/4.00 — *Aug 2023 – May 2028 (Expected)*

- *Google Ph.D. Fellow 2026.*
- *Foley Scholar Award Finalist 2025.*
- *Quad Fellow 2024.*
- *College of Computing Rising Star Doctoral Student Research Award 2023.*

Georgia Institute of Technology — Atlanta, GA, USA
Master of Science in Computer Science; CGPA: 4.00/4.00 — *Aug 2021 – May 2023*

Indraprastha Institute of Information Technology, Delhi — New Delhi, India
B.Tech. (Hons.) in Computer Science and Engineering; CGPA: 9.77/10 — *Aug 2016 – Jul 2020*

- *Received the Chancellor's gold medal for the best academic performance, the highest recognition for an undergraduate.*

Awards and Achievements

- 2026 Google Ph.D. Fellow (awarded USD 170,000 in research funding over two academic years). *2026*
- Recognized as a Young Researcher (one of 100 globally) at the 13th Heidelberg Laureate Forum *2026*
- Quad Fellow Alumni Impact Grant (USD 3,250) *2026*
- Georgia Tech 2025 Foley Scholar Award Finalist *(Highest award for student excellence in research contributions to computing)* *2025*
- CSCW '24 paper on muting and gendered violence received the Diversity and Inclusion recognition [Link] *2024*
- 2024 Quad Fellowship (USD 40,000) [Link] [Media Coverage: Georgia Tech (1), Georgia Tech (2)] *2024*
- College of Computing Rising Star Doctoral Student Research Award at Georgia Tech [Link] *2024*
- AAAI Travel Award to attend ICWSM 2024 (USD 1,300) *2024*
- Gary Marsden SIGCHI Travel Award to attend CHI 2023 (USD 2,500) *2023*
- Finalist for the Adobe Research Women-in-Technology Scholarship *2022*
- Chancellor's Gold Medal for the best academic performance in undergraduate *2020*
- Dean's letter of recognition for undergraduate thesis *2020*
- Invited to the Republic Reception at the Lt. Governor's residence *2020*
- Dean's List for Academic Excellence *2017, 2018, 2019*
- Won Google Women Techmakers Scholarship for APAC region *2019*
- Dean's List for Innovation in Research and Development [Director's blog] *2017*
- Rails Girls Summer of Code Scholar [Blog 1] [Blog 2] *2017*

Internships and Work Experience

- **Microsoft Research, Redmond** *May 2026 – Aug 2026*
  Research Intern with the AI Interaction and Learning group | Advised by: Dr. Philippe Laban, Dr. Debarati Das and and Dr. Sunnie S. Y. Kim
  Characterized agentic delegation failures, i.e., ways in which AI agents fail to meet users' expectations when acting on their behalf, and developed MANDATE, a taxonomy of such failures that informs agent evaluation by identifying user-experienced failure modes underexplored in the current research landscape and opportunities for improving agent oversight.
- **Microsoft Research, Montréal** *May 2025 – Aug 2025*
  Research Intern with the FATE group | Advised by: Prof. Q. Vera Liao and Dr. Su Lin Blodgett
  Examined the impact of generative AI, and its popular applications, on information-seeking behaviors and cognition.
- **Georgia Institute of Technology, Atlanta, GA** *Jan 2022 – present*
  Graduate Research Assistant | Advised by: Prof. Munmun De Choudhury
  Developing multi-layered evaluations of generative AI high-stakes contexts such as, healthcare across informational, interactional, and structural dimensions, examining the quality and safety of AI-generated content, adherence to community norms, and downstream impacts on users' attitudes and behaviors. Combining large-scale observational analyses, controlled and field experiments, and expert evaluations to inform the design of safe and responsible AI-powered systems.
- **Adobe Research, San Jose, CA** *May 2022 – Jul 2022*
  Research Scientist Intern | Advised by: Dr. Kanak Mahadik, Dr. Ryan Rossi, and Dr. Sungchul Kim
  Developed a GPU instance recommendation system for training deep learning workloads. Filed as a U.S. patent.
- **Adobe Inc., Noida, India** *Aug 2020 – Aug 2021*
  Software Development Engineer (Full Time) | Adobe Illustrator on iPad Team
  Developed "Rulers and Guides" feature using C++ and iOS programming, which received positive feedback from customers during beta release. Solved 100+ critical bugs to improve stability of the application.
- **Adobe Inc., Noida, India** *May 2019 – Jul 2019*
  Product Intern | Adobe Illustrator Team
  Collaborated with Adobe Research, San Francisco to build and ship a new feature for Illustrator using vector graphics and machine learning techniques.
- **IBM Research, New Delhi, India** [Media Coverage: HT News, Quartz] [GitHub] *Jun 2018 – Dec 2018*
  Research Intern | Fairness in ML Team
  Built a human-in-the-loop system to detect gender bias in plots of books shortlisted for Man Booker's Prize.

Patents

- Kanak Mahadik, Sungchul Kim, Ryan Rossi, Handong Zhao, **Shravika Mittal**. Instance Recommendations for Machine Learning Workloads. US Patent No. 2025/0037006 (Adobe Inc.) [Link]

Service and Leadership

- **Reviewer:** CHI (2024: *Special Recognitions for Outstanding Reviews*, 2025: *Special Recognitions for Outstanding Reviews*, 2026, 2027), CSCW (2024, 2025, 2026), ICWSM (2025, 2026), AIES (2026), IMWUT (2025), HEAL@CHI Workshop (2025)
- **Core Organizer:** Southeast CHI '24 Regional Meetup, HCI Southeast Regional Meetup
- **Student Volunteer:** EECS Rising Stars 2023 (Academic Career Workshop), ICWSM 2024

- **Mentor:** Sri Latha Bondala (MS CS at Georgia Tech) Hayoung Jung (MS CSE at University of Washington), Nimra Ishfaq (MS Information Science at UT Austin), Jamie Do (MS Analytics at Georgia Tech), Darshi Shah (MS HCI at Georgia Tech), Oscar Zhang (CS undergraduate at Georgia Tech)
- **CSE632: Semantic Web, IIIT-Delhi** *Jan 2020 – May 2020*
  Teaching Assistant to 110 students | Graduate level course | Prepared quizzes and assignments.
- **ECO331: Foundations of Finance, IIIT-Delhi** *Aug 2019 – Dec 2019*
  Teaching Assistant to 100 students | Conducted weekly office hours, quizzes, and tutorials.
- **MTH303: Graph Theory, IIIT-Delhi** *Jan 2019 – Apr 2019*
  Teaching Assistant to 104 students | Conducted 11+ tutorials and 5+ doubt sessions.
- **Coach, Rails Girls Summer of Code** *Jul 2018 – Sep 2018*
  Mentored Team Delsquared for the 3-month program | Worked with the open source organization, Tessel.
- **Community Work Volunteer, UDAAN [GitHub]** *May 2017*
  Taught basics of Computer Science to 15 students with autism.
  Developed an Android App, FUEL (Fun, Education, and Learn), that won best in code sprint by Google.
- **Founding Member** and **Outreach Director** for Women Who Code Delhi *Aug 2016 – Aug 2021*

Talks Delivered

- Student panel, organized by the Graduate Student Association at Georgia Tech, to navigate graduate studies *2025*
- Workshop on Reclaiming the Narrative at ICWSM 2024 *2024*
- Junior-Senior interaction with students of CSE branch at IIIT-Delhi *2020*
- Introductory session on Rails Girls Summer of Code | Women in Tech, IIIT-Delhi *2019*
- Tutorial on Open CV | Women Who Code, Delhi [Slides] *2017*
- Tutorial on Tessel | LinuxChix, India [Twitter] *2017*

Extracurricular

Member, W@CC | Club for Women at College of Computing, Georgia Tech *2021*
Member, Women in Tech | Club initiated by past WTM scholars at IIIT-Delhi *2018*
Member, Byld | IIIT-Delhi's Software Development Club *2017*
